**In Honor of American Gen-

to Pay Their Respects to
Mexican Conferees—In Re-
turn of Compliment Amer-
ican Troops Were Sta-
tioned Along Streets.**

[ASSOCIATED PRESS TELEGRAM]
El Paso, April 29.—Two facts enter-
ing into the conference which is to
begin today between General Alvaro
Obregon, representing Mexico, and
General Hugh L. Scott and Frederick
Funston, representing the United
States, encouraged the belief that the
negotiations might not be dragged
out for any great length of time.
One was that General Obregon
came to the border with full powers
to act in behalf of his government in
any arrangement that may be made
for the disposition of Brig. General
Pershing's expeditionary forces.
The other was that the Mexican
minister of war had summoned to the
conference the military govern-
ors of the three Mexican states touch-
ing American territory.

With General Obregon in posses-
sion of full plenary powers, time
will not be consumed in telegraphic
communications between Juarez and
Mexico City. The attendance at the
conference of military governors
Felias Calles of Sonora, Ignacio En-
riquez of Chihuahua and Jacinto
Trevino of Coahuila, means that all
matters affecting a possible patrol of
northern Mexico by American troops
can be quickly and definitely thresh-
ed out. On these men will rest the
burden of co-operation with the
American military authorities if the
present intention of the United States
to insist on occupation of a buffer
zone south of the international bound-
ary is carried out.

Because of the projected social
visit which General Obregon and his
party planned to make the American
officials at 10 o'clock this morning
it is not expected that the first ses-
sion of the conference will be reach-
ed until this afternoon.

It had at first been thought that
the call would consume but a short
time and that immediately after-
wards negotiations could be begun.
However, after last night's journey
by the Americans to Juarez, where
they went to pay their respects to
General Obregon and his associates
and found that in their honor the
streets had been lined with soldiers
standing at attention, it was decided
to make the reception of the Mexi-
cans more elaborate.

Consequently guards of American
troops were stationed along the
streets travelled by the visitors after
leaving the international bridge, and
it was arranged to have the visit
consume practically all the morning.

Final arrangements for the first
session of the conference are to be
completed during the visit of the
Mexicans.

300 MILE AUTO RACE.
Fresno, Calif., April 29.—Crowds
lined a seven-mile course here today
to witness the running of the 300-
mile automobile road race given in
connection with Fresno's raisin day
celebration. There are 17 entrants.
The winner is to receive a cup and
\$3000.

Chamber of Commerce Will Be Strengthened by Addition of Many More Names to List

The schedule of meetings for the
organization of the Chamber of Com-
merce is being sent to members by
mail in the form of an official notice.
If the schedule is adhered to next
week, the Chamber of Commerce will
be ready for business before the close
of the week.

The general meeting of the mem-
bership is scheduled for Thursday
night, while the bureau will be or-
ganized Monday, Tuesday and Wed-
nesday. All meetings will be held
at the assembly room of the Newark
Trust building.

The meetings for the organization of
the Mercantile and the Publicity
Conventions will be held
Monday night, and in order that
members may know in advance what
persons have signed up for these bu-
reaus, the names will be printed in
Monday's newspapers. All members
who have not returned their "infor-
mation blanks" with the bureau
checked should do so at once so that
their names may be properly listed.
The same method will be carried out
with reference to the other bureaus.
From members of all classes of
business and professions there is a
demand that care must be taken in

the selection of the board of direc-
tors. Much of the success of the
Chamber of Commerce is recognized,
is going to depend upon the
character of men chosen for the
board, and members of bureaus are
asked to give careful attention to the
election of directors from each bu-
reau. There will be two directors
from each of the five bureaus and
two from the membership council.

Probably the most important duty
before the new board and one of the
first, is the selection of an executive
secretary. There is an unanimous de-
mand on the part of the business
men of the city that a real leader be
secured for this position—a man
who has not only had training in all
lines of commercial organization
work, but one who has proved his
ability. Four trained men have been
recommended by Town Development,
and their records are now being in-
vestigated. This data will be turned
over to the board of directors.
The records of other men are also to
be investigated. Every one of these
men is now holding responsible
position as a commercial secretary.
This data is being collected by the

WILL BUILD MODERN HOUSE IN 12 HOURS FOR A BRIDE-TO-BE

[Associated Press Telegram]
Toledo, April 29.—To show
their appreciation of her work
while assistant secretary of the
Toledo real estate board, real
estate firms affiliated with the
board will attempt on Tuesday
to build a modern house of five
rooms in 12 hours for Miss Em-
ma Pleasner, who will marry
John P. McCann, a machinist,
on that day. Work will be
started by 200 workmen after
the ceremony. Elaborate plans
are being made for the event.
A big tent will be erected near
the site where lunch will be
served. A motion picture com-
pany will take 1000 feet of film
showing the building of the
home.

ENGLISHMAN'S SURRENDER TO "OK FORCES"

[ASSOCIATED PRESS TELEGRAM]
London, April 29.—(4:45 p. m.)
—Major General Charles Town-
shend, commander of the British
forces, besieged at Kut-el-Amara
Mesopotamia by Turkish forces since
last December, has surrendered.
This information was contained in a
British official statement issued this
afternoon.

The official statement added that
General Townshend destroyed all his
guns and munitions before surrender-
ing.

General Townshend probably was
driven to surrender to avoid starva-
tion of his force. A recent official
Turkish communication said that the
position of British at Kut-el-Amara
was critical and that they were ex-
pecting to receive small supplies of
food by aeroplane. An official state-
ment received yesterday from Lon-
don showed that a last effort to send
supplies to the garrison had failed.
It was announced that a ship laden
with supplies had been sent up the
Tigris, that it had been grounded
about four miles east of the city.

Less than a score of miles away
on the banks of the Tigris below the
city, is a relief army which for
months had been attempting to
reach the besieged forces of General
Townshend. Of late, however, the
Turks' resistance was increased and
aided by floods, they have been able
to hold the British in check.

A few weeks after it became evi-
dent that the army at Kut-el-Amara
would be unable to fight its way
out, a relief expedition was dis-
patched. This force encountered
comparatively little opposition in the
early stages of the march up the
river, but as it drew nearer Kut-el-
Amara, it was opposed by formidable
bodies of Turks massed on both sides
of the Tigris below the invested
town. Successful striking victories
for the relief force, by their last
efforts have been countered by the
Turks so successfully that the ad-
vance has been stopped. The Turks,
taking the offensive, pushed back the
British and inflicted large losses on them.

Throughout the Mesopotamian
campaign the fighting has been
heavy and the losses severe.

RESERVE BOARD PUTS NEW PLAN INTO EFFECT

[ASSOCIATED PRESS TELEGRAM]
Washington, April 29.—The fed-
eral reserve board announced today
that it would put into effect June 15
its new plan for countrywide check
clearing and collection. Under the
plan the actual cost of clearing and
collection of checks will be assessed
against member banks in proportion
to their use of the system.

FIRST AUTHENTIC PICTURES OF RUSSIAN TROOPS IN FRANCE

First pictures of Russian troops in France.

These pictures, which have just been received from France, prove true
the reports that the detachment of Russian troops which arrived recently
at Marseilles was not the first contingent of soldiers sent by the czar to the
western front. It is known now that an advance allotment of two brigades,
about ten thousand soldiers, arrived at Toulon from Dalny early in April.
Every effort was made for a number of days to keep from the outside
world any knowledge of their arrival. It was spread abroad that the ten
thousand, who came in civilian dress and without equipment, were Serbian
refugees who came from Durazzo and Scutari, Albania. For at least two
weeks, however, these troops have been drilling in Russian uniform, and
these pictures were the first of them to be taken.

NO TROUBLE

**AT YOUNGSTOWN PLANT WHEN
LOCKED OUT EMPLOYEES
ARE PAID.**

**New Labor Organization Formed
Amalgamating 30,000 Men—
Mass Meeting Called.**

[ASSOCIATED PRESS TELEGRAM]
Youngstown, O., April 29.—The
1300 employees of the Republic Rub-
ber company who are affected by the
closing of the plant here are being
paid off today. No trouble had de-
veloped this forenoon. Announcement
was made yesterday that the
entire plant would be closed indefi-
nitely because of demands of em-
ployees for shorter hours and in-
creased pay that could not be met.

At a meeting last night of repre-
sentatives of engineers, electricians,
pipe fitters, machinists, boilermak-
ers unions, a metal trades depart-
ment of the Youngstown district la-
bor unions was formed. This will
organize iron and steel workers a new or-
ganization binding 30,000 men here
more closely together.

A big mass meeting of labor men
here is scheduled for Sunday when
the question of calling a general
strike in the Mahoning Valley steel
mills May 1, is to be discussed, it
is said. The action is being consid-
ered as a plan to support the de-
mands of machinists in some of the
plants here for shorter hours and in-
creased pay. These demands will be
refused, the employers' association
advises.

CLOAK WORKERS ARE LOCKED OUT BY MANUFACTURERS.

[ASSOCIATED PRESS TELEGRAM]
New York, April 29.—Five thou-
sand workers on women's cloaks,
suits and skirts already have been
locked out by the Manufacturers
Protective Association in a fight
against the International Ladies'
Garment Workers union and its ef-
forts to prevent the employment of
non-union operatives.

The manufacturers have announce-
ed that 25,000 more will be locked
out tonight.
Vigorous efforts inaugurated by
Jacob H. Schiff, the banker, were
made today to induce the manufac-
turers to rescind their lockout order
and thus prevent a threatened strike
by 30,000 makers of women's cloth-
ing now employed in shops not rep-
resented in the Manufacturers' As-
sociation and a possible strike of
60,000 makers of men's clothing.

Mr. Schiff called today members
of the association together last night
and urged them to accept offers of
conciliation from a board appointed
by the mayor. The meeting was in
session until early today, but took
no vote.

30,000 ON STRIKE; UNIFORMLY QUIET IN PITTSBURGH DISTRICT.

[ASSOCIATED PRESS TELEGRAM]
Pittsburgh, April 29.—The vil-
lages of the Turtle Creek valley
where approximately 30,000 work-
men are on strike to enforce their
demand for an eight-hour day, were
uniformly quiet when the pickets
took their places at shop entrances
today. Strikers generally remained
off the streets, but railroad detec-
tives and deputy sheriffs patrolled
their beats.

An effort to settle the strike was
to be made at noon when employ-
ees of the state bureau of mediation and
conciliation with representatives of the
federal department of labor were

expected to confer with factory man-
agers and owners.

INCREASED WAGES ARE GRANTED BY A CHARLERI COMPANY.

[ASSOCIATED PRESS TELEGRAM]
Charleroi, Pa., April 29.—Six
thousand employees at the Monessen
mills of the Pittsburgh Steel Co.
will receive a 10 per cent wage in-
crease on May 1, according to an an-
nouncement made here. Day labor-
ers will receive 27 cents an hour. The
increase is the second within three
months. Employees at other plants of
the company will receive the same
advance.

GOVERNOR DICTATING HIMSELF TO OHIO'S LABOR SITUATION.

[ASSOCIATED PRESS TELEGRAM]
Columbus, April 29.—Governor
Willis today devoted himself to in-
quiries concerning labor disputes
over Ohio. After receiving reports
of strikes and threatened strikes
from a score of cities in all parts of
the state, the governor expressed
great interest and surprise in the
activities of organized labor. Many
unions have just cause for demand-
ing higher pay and better working
conditions, he said, owing to general
conditions of prosperity in which
they should share.

"I am unwilling, of course," he
added, "to think that all demands of
labor should be met by employers.
Each case must be considered sepa-
rately. As a result of the European
war business has been unduly stimu-
lated almost to the point of hoom-
ing feverish. It is but natural that
there should be efforts on the part
of workmen to share in this tem-
porary prosperity."

In order to keep in touch with the
labor situation, Gov. Willis took
notes on the agitation in Cleveland,
Youngstown, Columbus, Springfield,
Cincinnati, Tiffin and a number of
smaller cities. He was told machin-
ists, street car men and molders ap-
pear particularly active in formulat-
ing demands for higher wages.

MACHINISTS' STRIKE WILL BE JOINED BY OVER 3,000 TODAY.

Cincinnati, April 29.—Between 2-
000 and 4,000 machinists in Cin-
cinnati Newport, Covington and Lud-
low were prepared to join the ma-
chinguists' strike at noon today if no
notice was granted for unioniza-
tion shops and establishing a uniform
48-hour working week were not pos-
ted by the employers, according to
John Doyle, business agent of the
union. As a fore runner to the
strike at least two shops recorded
strikes early Saturday morning and
about fifty men left their benches.
A mass meeting of machinists will
be held tomorrow at 2 p. m. when
further arrangements will be made
for the strike. In most of the shops
according to Mr. Doyle the men will
work until noon today. If the pos-
ted agreements fail to appear by that
time he said the men would not re-
turn Monday.

RUSSIAN MUSICIAN ENTERTAINS IMMIGRATION AUTHORITIES WITH VIOLIN.

**With Young Brother He Escapes
Deportation Because Likely to
Become Public Charge.**

[ASSOCIATED PRESS TELEGRAM]
San Francisco, April 29.—Abram
Hartovitch, a blind Russian musician
and his 19-year-old brother, who had
been held at the immigration station
here for deportation as aliens likely
to become public charges, were free
today, with the right of entry into
this country, because Edward White,
commissioner of immigration, hap-
pened to hear the musician playing
his violin.

Through the open window of the
commissioner's office there floated
the strains of Tchaikowsky's "Ser-
enade," played by a master hand.
Impressed with the quality of the
music, White ordered the Russian
and his violin brought before him.
Once more Hartovitch played the
Russian song of love, and, under its
spell, White ordered the board of in-
quiry to concede and consider again
Hartovitch's case.

The board learned that the immi-
grant was a graduate of the Imperial
Russian conservatory of music at
Petrograd and that by a special de-
cree of the emperor the disability
of the emporer the disability
from the institution, had been lifted.
They learned that in Russia as a musician
and high esteem in Russia as a musician
and in order to get his young broth-
er out of the country and save him
from the trenches. The brothers
were taken in charge by the Hebrew
immigrant aid society.

HOLD-UP MEN GET SENTENCED TO LONG TERMS

[ASSOCIATED PRESS TELEGRAM]
Cincinnati, April 29.—In the po-
lice court today three men who re-
gistered as George Armstrong, 22,
Dayton, O.; Harry Thomas, 22,
Groveport, O. and Roy Keiser also of
Dayton were bound over to the
grand jury in the sum of \$5,000 each
on the charge of assault with intent
to rob. They pleaded guilty. On
an additional charge of shooting at,
with intent to kill, Armstrong was
bound over in the sum of \$5,000.
He pleaded guilty.

According to the police the men
admitted that they held up and at-
tacked Joseph Shildrink at Findlay
and Baymiller streets.

itions south of Lake Narocz between

5,000 prisoners was announced by
the war office today.

COPPER PRODUCTION

[ASSOCIATED PRESS TELEGRAM]
Washington, April 29.—Stimulated
by the enormous demand resulting
from the war, copper production in
the United States reached and passed
the two billion pound mark for the
first time in the history of the indus-
try last year. In an advance state-
ment issued today the United States
geological survey placed the total
production of copper from all sources
at 2,026,000,000 pounds.

MURDERER ASKS TO HAVE AN OPERATION PERFORMED ON BRAIN.

[Associated Press Telegram]
Lansing, Kans., April 29.—
Fred Bissell, whose confession
of the murder of Edna Dins-
more, a ten-year-old girl, at
Topeka, Tuesday, was given out
last night by officers at the
state penitentiary here, has
written an appeal asking that
an operation be performed on
his head to make his condition
normal. The statement given
out by officers today says:
"A kick on the back of my
head by a horse caused an af-
fliction at the base of the brain,
which affliction causes me to be
unaccountable for what I do at
times."
Warden J. K. Coddling of the
penitentiary promised to have
the operation performed.

SATISFACTORY AGREEMENT IS OBREGON'S HOPE

[ASSOCIATED PRESS TELEGRAM]
El Paso, April 29.—General Al-
varo Obregon, minister of war of the
de facto government, with the chief
military commanders of northern
Mexico, made a return call of cour-
tesy today on Major Generals Scott
and Funston, preliminary to the first
conference between the American
and Mexican military officials re-
garding the pursuit of Villa and his
bandits.

In either the customs house in
Juarez, Mexico, or at some agreed
place, in El Paso, the conferees will
submit their proposals. General Ob-
regon, who is vested with plenary
powers from First Chief Carranza,
sounded a hopeful note with the ex-
pression that "we should reach a
satisfactory termination of these ne-
gotiations that will meet with the
approval of our people."

Minister of War Obregon, with
Generals Trevino, Gutierrez, Calles,
Gavira and Santos, will submit the
proposition that the de facto govern-
ment is ready to take over the pur-
suit of the Villa bandits and protect
the border and, therefore, the United
States soldiers in Mexico should be
recalled.

Generals Scott and Funston will
counter, it is understood, with the
proposition that American troops be
countered, it is understood with the
proposition that American troops be
disposed in certain spheres of north-
ern Chihuahua to remain until the
Carranza government has shown that
there is no longer a Villa bandit
menace to the American border
states.

Major General Scott said that not
until he had conferred with General
Obregon would it be definitely known
where the first conference would be
held in Juarez or El Paso.

The general added that the con-
ference might not be held today, but
Sunday or Monday.

STREET CARNIVAL IS ATTACKED BY A CLEVELAND MOB

Cleveland, April 29.—Twenty men
were injured late last night in a riot
which occurred when a mob of men
and boys attacked a street carnival
show at St. Clair avenue and East
53rd street, and wrecked it. Two
policemen on duty fought the mob
without effect until the arrival of
reinforcements when many had been
severely clubbed.

Performers and men, women and
children among the spectators at the
carnival were attacked by the mob,
the leaders of which are being hunt-
ed by the police.

The cause of the riot is unknown
to police.

Reinforcing American Lines by Infantry and Cavalry in Threatened Mexican Districts

[ASSOCIATED PRESS TELEGRAM]
Columbus, N. M., April 29.—
Points along the American line of
communication in Mexico are being
strongly reinforced by men of both
the infantry and cavalry arms. Two
companies of infantry marched from
the base here early to the prepara-
tion of crossing the border, while nearly
one thousand cavalrymen who left
Columbus yesterday afternoon broke
camp at Gibson's Line ranch, fifteen
miles west, shortly after daybreak
and crossed the frontier.

**But Civilians Were Not Mo-

Difference Shown From
Two Years Ago When It
Was Unsafe for Anybody
to Walk Abroad—Story of
Dublin Riots.**

[ASSOCIATED PRESS TELEGRAM]
London, April 29, 3:15 p. m.—
The Times publishes an account of
the Dublin uprising which empha-
sizes the excellent organization of
the rebels and the fairly successful
efforts of the leaders to restrain riot-
ing. This account says:

"Civilians were not molested in
the streets and much of the firing
was of blank cartridges. There was
an effort to show that the govern-
ment was strictly military in char-
acter and directed only against the
government, not against the popu-
lace. There was a little looting, but
only about ten or twenty shops were
entered. There was no violence
against private persons and as long
as you did not wear a uniform you
were as safe walking in Dublin
streets as in the streets of London."

"This shows a remarkable differ-
ence from the Dublin riots two years
ago, when it was not safe for any-
body to walk in the streets for fear
of violence."

"On the other hand, it was made
clear that anybody in His Majesty's
uniform would be shot at sight."

"Another illustration of the reb-
els' excellent organization was the
fact that, although food was com-
mandeered from a big hotel, it was
paid for. According to reports, the
money came from the postoffice
vaults where, it is alleged, a large
quantity of new paper money was
seized."

"We planned to rise simultaneously
ly without Dublin comrades, but
something went wrong with the ar-
rangements," said a leader of the
Sinn Feiners in Cork in an interview
published here today.

"We might have been in possession
of the postoffice but for the fact
that the military was there first,"
added the leader. "Now I do not
think we rise here, but if they come
to demand our names we shall shoot
them. When the news of the Dub-
lin rising trickled through here Mon-
day, we all retired to our armored
barracks, loaded our rifles, polished
bayonets, set in stores of provisions
and prepared for anything. The
Bishop of Cork and the Lord
Mayor came to the barracks at mid-
night and demanded admission which
was granted after considerable per-
suey. They implored us to lay down
our arms and not to resort to phys-
ical force. We refused absolutely.
Sorrowfully and with bowed head,
the bishop said: 'Then I leave you to
your fate.' We told him we did not
fear our fate, whereupon he depart-
ed."

"The thing that surprises the most
about the uprising in Dublin, is the
supply of munitions in the hands of
the rebels," said an Irishman who
arrived in London this morning. He
spent ten hours in Dublin on Tues-
day and departing that evening, re-
to police.

GENERAL AGENT RINGLING SHOW IN CITY TODAY

W. H. Horton, general agent for the Ringling Bros. circus, arrived in the city last evening and remained over until today. Mr. Horton is a pleasant, agreeable gentleman, and stated that he was glad to have the big tented aggregation visit Newark again as he considered it one of the best show towns of its size in the country.

Mr. Horton stated that the Ringling show this year is the best by far that has ever been placed upon the road. There are many new and thrilling features and the big spectacular is participated in by over 500 people. There are innumerable special features never before seen with the big tented aggregations.

The Ringlings opened at Chicago and from there to St. Louis. They then show at Indianapolis, Michigan, Ind., Dayton and Newark, having booked here for Friday, May 26. Matt Smith is with advertising car No. 1, and is at Wheeling, W. Va., today. His brother, "Toots" Smith, joins car No. 2 at Dayton this evening. The Smith brothers will traverse the same route a week apart.

WANT SCHOOLS FUMIGATED FOR SCARLET FEVER

East Newark people have filed complaint with Mayor R. C. Bisbee that school rooms in East Newark school buildings have not been fumigated in connection with the fight against the scarlet fever epidemic. The residents seem to think that the school buildings should be fumigated.

Mayor Bisbee referred the complaint to the Board of Health. Health Officer Dr. W. H. Knauss said this afternoon that three rooms in one building were fumigated today. "It avails little protection to fumigate the school rooms to prevent spread of the disease when it is manifestly impossible to fumigate each individual home," said Dr. Knauss. He said that the great danger was not today but it had been and that carelessness of people suffering from the disease was the reason it was difficult to get the epidemic stopped. He urged a strict observance of the quarantine regulations and greater caution in cases of sore throat or other suspicious symptoms until a diagnosis is made.

Dr. Knauss said that another man would be added to the health department staff today or Monday to aid in the work which is a little more than the present force can take care of.

maning until last night in Kingstown.

"There is little doubt in the popular mind that Germans have been landing arms from submarines for months," he continued, "and it is even said that a few Germans also believe it, that a few Germans also landed and organized."

"I learned that the rebels made prisoners of a large number of policemen and a few stray soldiers at the royal Irish constabulary depot and at Phoenix park."

"My walk through the center of the city Tuesday afternoon was very eventful and I was glad finally to reach Kingstown. I was challenged many times by both rebels and loyal sentries. The rebel sentries were threatening but allowed me to pass after searching for arms."

"I heard that the Countess Markievicz, the sister of an Irish baron who was prominent in the Larkin strike and a leading figure in the present movement shot dead a guard in front of Dublin castle in an effort to capture the castle. This effort proved abortive."

This informant who is an engineer of the war department and a strong royalist, says a great majority of the people of Ireland are entirely without sympathy for the rebels whom they regard as a small irresponsible party.

Although the story of the early hours of the Dublin uprising is not been disclosed to the public, England is still without a definite information as to the progress of later events.

Normal telegraph, telephone and mail services with Ireland have been restored and the existing means of communication are said to be such strict censorship that it is possible to obtain only fragmentary information. Such news dispatches as came through this morning added little to the information contained in last night's official advices and stories of eye witnesses.

So far as official reports show, the situation in Dublin is gradually being brought under control. The most important recent news that the rebels have been driven out of St. Stephens Green with bombs sustaining heavy losses in killed, wounded and prisoners, has not been confirmed officially. There seems to be no doubt, however, that the rebels still control various parts of Dublin and that street fighting continues with a lengthening list of casualties. It is reported the casualty list already exceeds 100. Of the situation outside Dublin little is known beyond the official admission that the disaffection has spread to various localities in the west and south of Ireland.

Field Marshal French's statement of last night described these disturbances as local in character and so far as has been revealed by information which has passed the censorship, they have not been attended by heavy fighting. Towards 100 persons have been killed or injured thus far in Dublin, a correspondent at Belfast of the Evening News reports in a dispatch filed last night. He says the rioters, hidden in houses commanding important street junctions or covered by barricades in the streets, are keeping up a constant fusillade. The list of casualties continues to lengthen. It includes many civilians who the correspondent says, have been picked off by Sinn Fein snipers for no other reason than that they were believed to be loyal. The cordons of troops is being drawn gradually but surely around the rebel strongholds.

The authorities are carrying on their difficult task with the greatest forbearance. Every effort is being made to avoid unnecessary bloodshed and damage.

Simultaneously with the outbreak in Dublin on Monday, says a dispatch to the Exchange Telegraph company, dated yesterday, a number of excursion trains arrived with men apparently pleasure bent. Immediately upon reaching the station these men proceeded to join the rebels and by a concerted move captured all the bakeries and their delivery wagons as well as motor cars, street cars and carts in the vicinity. Many of the vehicles were used to erect barricades while the cushions were utilized in the line of trenches which was dug in St. Stephens Green.

Some of the earliest fighting occurred at Balls Bridge and on the main road from Kingstown to Merrion Square, where the rebels seized a school house and a small hall adjoining. Along the road also men who seemingly were working in gardens suddenly picked up guns and began firing at passers by, the dispatch states.

These outbreaks, however, have now become rare, adds the correspondent and interest centers in Sackville street where the postoffice is barricaded on the inside with bags of papers and all available books. Around Jacobs factory the trouble is accentuated by women taking sides. Their attempts to get provisions into the besieged rebels are resisted by co-workers who remain loyal and many free fights among the two factions of women are reported.

"There is every indication tonight that the end is approaching," says a dispatch to the Exchange Telegraph company from Dublin under Friday's date.

Troops have been arriving all day and intermittent fighting has been going on to the disadvantage of the rebels. There was some shelling on Thursday night in the center of the city, which is a stronghold for the Sinn Feiners.

"Several fires were caused and the latest of these was still burning this morning. Tonight (Friday) there has been a further action and it is said that the building which suffered principally was Jacobs factory. It is around this building that some of the fiercest fighting took place Monday evening.

"The rebels commandeered large supplies of food and stocked the building, where they hoped to hold out for some time. This evening an attack on the building began and just now, as the rebels are ready to depart from Kingstown, we can see across the bay flames shooting up into the sky."

Rees as a Democratic member of the board, his term expiring Monday, May 1. Mr. Rhodes will serve for two years. Dr. W. G. Come of this city, and D. A. CARRANZA HAS NEW ISSUE OF MEXICAN MONEY

(Associated Press Telegram)
Mexico City, April 23. A decree issued by General Carranza announced that Mexico's new issue of paper money will be worth twenty cents in Mexican gold for each paper dollar. This will make the new peso equivalent to ten cents in American gold. The present paper peso has a value of a little less than two cents in American gold. The new money will be issued May 1 next, but only in payment of government salaries. The old issue will be received in payment of taxes and other governmental obligations and in accordance with the decree, will be retired immediately.

The new issue totals 500,000 pesos and is unconvertible, having been printed by a large American bank note firm. Carranzas were sent tonight to the governor of every state in the republic, instructing them fully as to the value of the new money, sums which sufficient to cover the salaries of government employees have been sent to them.

Berlin, April 23. (U. P. M. A. L.) London, April 23, 5:17 p. m.—The attention of all Germany is directed tonight toward the audience of the American ambassador with the German emperor at General Am's headquarters. The German people are watching with eager interest for word indicating whether a settlement has been reached in the submarine controversy.

Berlin passed the day in quiet waiting with no new developments in the case. The Court had another strong day, supported by Wall Street advices and optimistic views held here. A feeling is manifest, however, that the optimists are out-running events so far.

LAY REVOLT TO IRISH SECRETARY

"I wish you luck, gentlemen. I don't know what will happen to you, now that you are here. Soldiers and rebels fight at each other from street corners, wharves, roofs and windows. Snatches of bayonets on loaded rifles, stationed every few yards, shouted their commands to halt. Naval guns joined in and added to the deafening gun fire.

From the quay the respective positions could be seen. The rebels were holding a square section of territory, from the point where Liberty Hall stood before a gun boat destroyed it as far as Sackville street, to St. Stephens Green and the four courts district, and along the southern side of the river to the Butt and O'Connell bridges.

They also held isolated positions in a flour mill and a disused distillery opposite the Northwall station. Over all this section there was considerable fighting the whole day. The distillery was the scene of one of the sharpest little battles of the uprising. The rebels were forced out of the flour mill by bombardment and many of them were seen, covered with flour, making their way to the distillery. Once there they hoisted the rebel flag, which floated from the corner of a square tower.

Soon a naval gun opened fire. The first shot hit the tower and then half a dozen in succession struck the roof around it. The flag still flew and the rebels replied with rifles and a machine gun.

The bombardment ceased after a dozen shots, but was renewed later. It after hit was scored, but the flag remained hanging from its pole. One shot hit a water tank just below it and for a time there was a miniature cascade down the walls of the distillery.

When night fell, and all firing except with rifles ceased the flag was still flying defiantly over the side of the little tower.

WHEEL RUINED.

Dr. M. W. Deming left his bicycle in front of the postoffice today while he went into a nearby barber shop. During the doctor's absence a rig drove up and later backed into the bike, completely demolishing the back wheel, breaking the rim and rubber tire and bending the steel spokes. The driver drove away before the physician returned and the latter has been endeavoring to solve the mystery of the damaged wheel.

You Should Feel Bright and Cheerful—Ready for Work or Play All the Time

Any one can have a clear head, free from aches or dizziness; also clear skin, fresh and pink without blotches or pimples—just keep the bowels flushed and cleaned each day.

Biliousness and stomach trouble come from overloaded bowels. Neither the stomach nor the liver can do their work when the bowels are loaded with waste. Your doctor will tell you that constipation causes nervousness and most of the other ailments we are subject to.

Every year Doctors send thousands of sufferers from Constipation, biliousness and stomach trouble to Dawson Springs, the home of Tollo Water. It relieves them quickly and in an easy, natural way by assisting nature to rid the system of the accumulated poison. You should get a bottle from your druggist; it only costs a few cents, and start tomorrow morning by drinking a third of a tumbler of Tollo in a glass of plain water—hot if convenient—and take it before breakfast.

The first glass will relieve your constipation but you should keep it up for several days to thoroughly cleanse your system. In a little while that healthy, natural color will return to your skin; your tongue will lose its furry coat; there will be no more headaches or stomach trouble; you can perform your duties without worry and without that tired, listless feeling, which is so common to those who suffer from constipation.

CONFIDENCE MAN "GOT" WELL KNOWN ATTORNEY AT LAW

Police late today were searching for a confidence man, whose operations among downtown business men today are said to have netted him a neat sum of money. The man's scheme of extortion was the plan, but that it was effective was shown by the number of "iron men" reported missing from the pockets of his victims.

Early this morning the confidence man called at the office of a well-known attorney. He said that he was a railroad man; had just arrived in town off his run from Chicago Junction, and had been sent to the attorney for legal advice by the superintendent of the local Baltimore & Ohio Railroad company.

He said that he had property in Benwood Junction and that he had received word today that a brother was going to dispose of his belongings. He said the property was worth \$8000. He asked the attorney to accompany him to Benwood the first of the week, and before leaving, requested the loan of a dollar. The request was granted. A few minutes after he had left the office another business man who saw him leave the office, inquired of the attorney: "Well, how much did he get you for?"

A conference between the attorney and the business man resulted in a search being made for the man by the attorney's partner. The man was apprehended in front of the Trust building and he returned the attorney's dollar.

Several more victims of the \$1 touch reported to the police late today, and the confidence man is being sought by the authorities.

Mexico City is Aged.

Mexico City is traditionally nearly 600 years old. It was founded when the Aztecs settled on an island near Lake Texcoco. Cortez practically destroyed the city in 1521. From this time on there was hardly a break in the ordinary events until 1822, when there was a revolt against Spanish rule. Later it was the scene of many revolutions and much bloody fighting until the iron rule of Porfirio Diaz made revolutions for thirty years somewhat unprofitable ventures. In the war between the United States and Mexico the principal movement of the American troops was directed against Mexico City. After capturing the hill of Chapultepec, by assault General Scott occupied the city Sept. 14, 1847.

Bowser Clinches Claim to Middleweight Title; Wins Again from Former Champion

Newark fans today are wondering on what grounds Joe Turner will base his next claim for a right to meet Paul Bowser for the middleweight championship and belt, after Turner's defeat last night at the Auditorium in two straight falls. By this victory Bowser retains the championship and belt, proves to Newark fans that not all wrestling is crooked, and at the same time satisfies Joe Turner that he is the kingpin of his class in the wrestling game.

The main bout and preliminary was witnessed by the largest crowd ever assembled for an indoor athletic event in Newark, and by some it was regarded as the largest crowd ever in the theater. Practically every seat in the house was occupied. In addition to this there were 250 seats on the stage. In the rear of the house many were standing through the latter part of the match, and there were 100 to 150 people standing on the stage. Financially, the match probably was not more successful than the previous Turner bout when higher prices prevailed. It is estimated that 1600 to 1800 people were present.

The crowd was enthusiastic in the extreme. Even the preliminary bouts, each of which was exciting, drew cheers and applause from the spectators. The preliminaries were novel in that wrestlers of the Bowser school here met the mat-artists of the Columbus Y. M. C. A., trained by "Young Gutch (Al Haft), Columbus lightweight wrestler. As in the main event, Newark was victorious in these matches. Four of the five matches were won by Newark representatives. Two of the events were won with falls while two were on points scored. The fifth match was won by a Columbus man, and each winner was presented with a medal offered by Paul Bowser.

The preliminaries started promptly at 8:15 o'clock. Leslie Fishbaugh of Newark, and H. Wasserman of Columbus, were introduced as contenders in the 115-pound class. Fishbaugh made the classweight nicely, while his opponent admitted carrying 117-120 pounds avoirdupois. Both men were aggressive, but Fishbaugh got the decision because he was on top most of the time. The winner is only 14 years old, but has developed into a wonderful little wrestler.

H. Leverman, of Columbus, and Eppie Frinier, of Newark, opposed each other in the 135-pound class. Leverman weighed in at 135 pounds, and Frinier at 136 pounds. Frinier got the decision on points.

In the 125-pound class, N. Robey, 123 pounds, Columbus, and George Karnes, 125 pounds, Newark, fought a pretty six-minute battle. Karnes is a new-comer in the wrestling game here, having worked out but two nights. His showing was such that Webber hesitated before awarding the match to the Columbus man, so equally were the two men matched. With a little more training Karnes will be a wonder.

Vance Wallace, of Newark, at 146 pounds, won the 145-pound class event with a scissor-lock on the body after 5-12 minutes wrestling. His opponent, "Red" Webber, 139 pounds, of Columbus, was unable to withstand the punishment inflicted by the Newark welterweight.

John Heckleberry, 176 pounds, Newark's heavyweight representative, secured a fall over Hal Chenoweth, 150 pounds, of Columbus, in 2-12 minutes. The Newark man used the Bowser "slamming" tactics to good advantage, wearing down his lighter opponent.

When Bowser and Turner appeared for the main event, they were greeted with cheers and applause. The announced referee briefly the details of the two previous meetings and explained why the third meeting was agreed to by the Newark champion. This enabled those in the crowd who have not followed events closely, to understand the importance of the engagement.

After a conference with the referees and seconds of the two men, the wrestlers went to their corners and at the call of time, went at each other like demons. There was not a tame moment from that instant until the final speech was delivered at the close of the match.

With all due regard to Bowser's untarnished claim to the title, not one witness to last night's match will deny that Turner is about the cleverest wrestler who has appeared here. He has all the tricks of the game worthy of mentioning. He is quick as a cat, excels on defensive work, but physically he is on the toboogan. He is not able to stand the punishment Bowser accepts and thrives upon.

In last night's battle both men were at their best. They fought viciously for the first fall which went 5-12 minutes before Bowser secured the deadly Gutch toe-hold that of the "step-over" variety. Turner, in agony, spent minutes trying to escape from the hopeless situation. He covered most of the surface of the mat in his contortions, but Bowser followed him coolly and methodically, eternally applying the pressure which would bring agony to a wooden Indian. Turner finally allowed his shoulders to rest on the mat and Bowser was given the fall. Throughout the first hour of wrestling the men were all over the stage. Several times the struggling athletes crashed into the barricade separating the spectators from the mat. Once, in one of these rushes, Turner lost track of things and seized Referee Webber by the leg and almost had the official on his head before he was stopped. Another time, Turner attempted to hurl Bowser bodily from the stage into the Orchestra pit, but was foiled by the agility of the Newark man.

Returning after a 10-minute rest, both men appeared refreshed, though Bowser's condition caused much concern among his friends who were aware of the suffering he endured from the injury to his neck while training last week. The neck was still ailing and Bowser was tempted not to return to the match, but he regained his old-time courage and went on with the match.

The second session was as full of action as the first. The same tactics were repeated and it was 19-12 minutes before Bowser got Turner foul with a crotch-hold and half-Nelson, which Turner found impossible to break. Bowser lifted his man several times and crashed him to the mat, each time throwing his entire weight on the prostrate body of the former champion. This crushing, crashing punishment soon overcame the endurance of the Washington man and he succumbed.

Several times before each fall, Turner seemed to have secured a fatal toe-hold on Bowser. Each time he inflicted terrible punishment to the Newark man, all of which was reflected in the lines of agony in his face. But Bowser displayed the courage of the aborigines who thought it heroic to hold a red-hot stone in his arm-pit. He took all this punishment while working in position to escape either through his agility or by securing a dangerous hold on his opponent which immediately caused Turner to assume the defensive.

At the conclusion of the second fall the same pandemonium which greeted the winning of the championship by Bowser six weeks ago, reigned for some minutes. It was fully five minutes before the uproar could be quieted long enough for Turner to admit his defeat and say a few words in explanation of the history of the now-famous Police Gazette belt.

Turner said: "I want to thank you and the newspapers in this city for giving me another opportunity to meet Paul Bowser. I was beaten fair and square in my estimation, and I ought to know. Bowser is the best man in the country at his weight. I am sure of this, as I have met and defeated the best men in the game since 1911.

"I thought when I was defeated here before that I could get in better condition, come back and take my title and belt back to Washington, and I am satisfied now, that Bowser is the best man. I gave you the best I had tonight and I was beaten fairly, so I have no excuse to offer.

"Now I would like to say a word about the Police Gazette belt. I won the belt by defeating seventeen wrestlers in a tournament at Washington, D. C., in 1911. 'Doc' White, proprietor of the White sporting store in Washington, and former Chicago baseball pitcher, wrote to Mr. Gillispie, sport writer for the Gazette, asking him if the Police Gazette would recognize the winner of the tournament as the middleweight champion.

Richard K. Fox, editor and publisher of the paper at that time, sanctioned the tournament and Mr. Fox sent White a number of entry blanks bearing his name, on which challenges should be written to the Police Gazette.

"Mr. White paid \$500 for the belt and had it engraved as the Police Gazette belt, which was then recognized by Mr. Fox. Issues of the Gazette since 1911, have carried my picture, the belts picture and stories of many matches I have had.

"At present Sam Austin, fight man of the Police Gazette is boosting wrestling, which is becoming more popular than boxing in the state of New York. This is one of the reasons, I believe, why they do not boost the wrestling game as they do not want boxing to lose its place.

"You will write to Mr. Gillispie, the real sport editor of the Police Gazette. I think you will hear what you want to know about the wrestling game."

Turner stated to a representative of the Advocate in his dressingroom, between the first and second fall, that Sam Austin, the fight writer for the Gazette, was sore at wrestling on account of a "cleaning" he got when he staged a recent wrestling tournament in New York, between heavyweight grapplers.

"I just want to say a few words," said Paul Bowser, "and I don't think they will be amiss at this time. This is the last show of the season and I want to thank you for your loyalty to me. I came to Newark seven months ago and since that time I have tried to give you the best I possess.

"I took on Joe Turner this time for three reasons. First, I wanted to convince the fans, and second, I wanted to convince myself that I was the best man.

"The thing that pleased me most tonight, I believe more than my own victory, was the manner in which my class won from the Columbus Y. M. C. A. wrestlers. I wanted to see these boys, who had trained with me in my sport, win, and I worked hard to get them in condition for this tournament. Next year I will have a great class among my boys.

"I am going away on the road for 14 weeks with a show, and at the end of that time I will return to Newark and I want to say, watching out for Newark's wrestling during the season of 1916-17."

GOOD PLAYER, BUT NESS HAS NO JOB

Jack Hess.

The Chicago White Sox offered Jack Hess back to Oakland, but that club, having Maileon Barry on first, decided to pass. All other Coast league clubs seem well fixed for first basemen too, so that in spite of Ness' popularity in this circuit there seems no place for him.

DENISON LOSES TENNIS MEET TO CHICAGO U.

Granville, April 29.—University of Chicago tennis players appeared on Denison University courts here yesterday and carried off two single matches and one match of doubles in straight sets. Denison's green team played its first tennis of the year.

Lindauer of Chicago was the star of the afternoon. Maroon players exhibited skill and competency in all phases of the game. Whether volleying at the net, or smashing from the rear court, the Maroon stars were successful. Lindauer gave one of the best performances ever seen here in years of tennis history.

Clark of Chicago opened the court session by taking the first game of a singles match from Willis of Denison. He eventually took two straight sets, the Maroon player ran into extra games, after Willis staged an uphill fight. Clark won the first set 6-2, and the second 5-3. Willis played fine tennis in this second set.

When Lindauer took the courts against Scott of Denison there was considerable of a stir on Scott's side of the court. The Chicago star kept Scott on the defensive almost all the time. Lindauer sent his drives alternately from one side of the court to the other, working up to the net in the meantime, and then drove home his racquet argument with a pointed smash. He is polished in every phase of the game, and has a great twist serve.

Singles—Clark, defeated Willis, Denison, 6-2, 7-5. Lindauer, defeated Scott, Denison, 6-0, 6-2. Doubles—Clark and Lindauer, Chicago, defeated Willis and Scott, Denison, 6-1, 6-2.

GEORGE CHIP WINNER OVER GUS CHRISTIE

Cleveland, April 26.—George Chip of New Castle, Pa., shaded Gus Christie of Milwaukee here last night in their 10-round bout. Christie, 162 pounds, carried the fighting to his opponent most of the night and landed the most blows. Christie put up a sterling battle and was a slugging affair all the way. In the ninth round and tenth Christie was the aggressor and endeavored to throw away the New Castle, but Chip was strong at the finish.

Knox and Mexico. Sad Faced Lincoln.

Philander C. Knox, who may be remembered as the secretary of state under President Taft, in a political banquet speech declared that President Wilson "did not inherit a disturbed Mexican situation" from the Taft administration. Reliable current files and official records show that Taft had been "pushing" for quite some time with the Mexicans and that it was during his incumbency that Madero was foully murdered by the Huerta faction. Taft had also to contend with the jingo element, but he left the Mexican trouble "disturbed" just the same. Knox says nothing about the step taken in common with the South American republics to give Mexico a stable provisional government, but apparently he is against it. However it seems that the ex-secretary is in accord with many other "beat-Wilson-any-way" fellows who believe in the policy that a lie well told is better than the truth. Maybe they can make it strong enough to get a following that will actually believe that the election of Wilson created the Mexican situation.

No indeed! There wasn't any single-shooting at the delegate primary by the Willis personal machine crowd. On returns from Hardin county, in which lies Ada, this was the count: Harding, 441; Willis, 1,244.

It is hard to persuade a boy to use his air gun in firing at a mark out in the back lots, when he might be practicing on the neighbors' shed windows.

The people who say the Americans are only dollar chasers never saw 171 people trying to ride in one street car out to a ball park.

It looks as if Villa were about ready to dig up his own body.

If people who rake up their yards exercise thoughtful care, they can find windy days to do it, when all the dead grass will blow over on their neighbors.

THE TOWN BEAUTIFUL MOVEMENT

The street cleaners may pick up every scrap of paper. Householders may rake and comb their neatly trimmed lawns. But if the people of a town persist in maintaining ugly buildings, the town will always offend people of good taste.

Our laws preserve jealously the rights of the individual. Every man's house is his castle. If he sees fit to paint it a shouting combination of blue, purple and orange, he can do it. The law can not interfere. Many advanced reformers demand a closer regulation of the development of private property. They would have plans for any prospective building inspected in advance by a building commission, which should have power to reject anything that would lower the appearance of the town.

Much can be said for such an idea. Yet when you consider how municipal office is filled, how the politicians would enjoy serving on such a commission, with its possible chances of graft, proposals for any such regulation will go very slow.

People who contemplate any kind of building should consider not merely the costs and income of it, but its effect on the town as a whole. A flimsy structure of tin and gingerbread does more harm than its taxes are worth. The worst offenders are not always the cheap builders. Some men who invest large sums of money, erect florid and conspicuous structures that are ridiculously unfit. If such builders could hear the remarks of their neighbors, they would need no regulation by a building commission.

A building dating back to a town's early history often stands long after its use has passed. Paint judiciously applied will at least make it inconspicuous. If it is not worth a good coat of paint, it isn't worth standing. If it has any appearance of being ramshackle, it injures nearby real estate, and is not a profitable investment for the owner.

Articles No. 1 and No. 2 of this series appeared in The Advocate of April 20 and 24 respectively.

Spirit of the Press Pointed Paragraphs

A Natural Gift.
Now comes somebody telling us that debates should be eliminated from female colleges. Oh, let 'em alone. It is a natural gift, as men know who have married non-college girls.—Houston Post.

It Never Does.
We have implored nobody to run for an office and do not expect to. But that fact is not holding any of the boys back.—Houston Post.

Score One For Esau.
Esau was a better business man than most of the spendthrifts. He got the mess of pottage for which he traded his birthright.—Topeka Capital.

Money Behind Roosevelt.
There must be plenty of money behind the Roosevelt propaganda in this state. The advertisements from the headquarters of the unemployed forces are modest. Indeed, besides the glory of the displays in behalf of the pledged, with everything else in proportion.—Springfield Republican.

A Valuable Suggestion.
The readiness with which Japan and other nations seize the psychological moment is highly suggestive of the readiness with which they will seize anything else that they think they can get away with.—Chicago Herald.

Which?
Von der Goltz had a happier fate than von Haessler. Dead of spotted fever at Bagdad he cannot be disgraced for the Turkish defeat in the Caucasus as we are told his brother Field Marshal has been disgraced for the Crown Prince's defeat at Verdun. The question must obtrude itself: Was it spotted fever or is the death of the German commander in the East an ominous symptom of an impending Kolossal dissolution?—New York Evening Sun.

Sound Advice From the Opposition.
To the Democratic majority in congress: You are responsible for legislation. If you intend to put the country in a state of preparedness, it is high time you did it. You have wasted months.

To the Republican minority: Unload James R. Mann as the floor leader in the house. He is a dead weight on your party and is becoming a general nuisance and a menace.—Philadelphia Inquirer.

The Boom In Shipbuilding.
(New York Sun.)
Shipbuilding continues active beyond all expectations. In the last week shipyards on the Atlantic coast have taken contracts for seven additional boats, three of which are for Norwegian interests. Some of these boats will not be launched until late in 1917 and the early part of 1918. Each of the ships requires 3300 tons of steel plates and shapes, or a total of 23,100 tons, which will be furnished by the Steel Corporation interests, the plates bringing 2.90c, and the shapes 2.50c a pound, or a b. mill.

The shipbuilders are in a particularly advantageous position, financially as well as otherwise, as buyers are paying one-third cash when contracts for boats are placed, and progressive payments are made during the building of the ships. Under ordinary conditions, which prevailed for several years, the shipyards actually financed the buyers of boats, as great inducements had to be made to secure orders of any magnitude.

Contracts are now under negotiation for 10 additional seagoing vessels, which will require 25,000 to 30,000 tons of steel, but deliveries of these boats could not be made before the first half of 1917. There are reports that the Maryland Steel company has quietly closed contracts with foreign interests for several boats more than those above noted. Steps are now being taken for the construction of two shipbuilding plants on the Delaware river. All of the lake yards are negotiating for additional tonnage, but there is no berth open for 1917 shipment, which delays the closing of contracts which otherwise would be consummated at once.

It's the early worm that is caught by the bird.

That the invention of the thermometer is variously ascribed to Drebbel of Holland, 1609, and Santorius of Italy, 1610? Fahrenheit's thermometer was invented about 1726; Reaumur's thermometer was known all over Europe in the beginning of the 18th century; the centigrade thermometer was invented by Celsius in 1742.

Why Not, Indeed?
In winter I am old and wise. In April I grow young again. For spring things blossom in my eyes That blind me both to years and pain. In winter, I am wise enough To teach myself against the blast; But April pulls a velvet rug, And thinking winter's reign is past I wander out in light attire. The raw nor'westers chill and sting. And I rush home to start a fire. Oh, why can't spring be truly spring? —Kee Maxwell in Peoria Journal.

Music

The "May Musical Festival" to be given by the C. E. society of the First Presbyterian church gives promise of being a rare treat. It will take place Thursday evening, May 4 at 8 o'clock at the First Presbyterian church and the public is most cordially invited to attend.

One of the numbers to be given which calls for especial mention is the Poem Symphony No. 3 of Liszt's which will be given by Miss Eleanor Kopp and Mrs. Elsa Weibacher Wray first piano and Miss Altha Russell and Miss Martha Martin-dell second piano. These young artists are all advanced students of Mrs. Marguerite Manley Seidel and whenever they play in Columbus the people flock to hear them. They will also play March Militaire of Schubert's. As two piano numbers are always so very much enjoyed, Mrs. Seidel will play a Grieg concerto with Miss Kopp.

Miss Goldie Mede's group of numbers include the beautiful minuet in D of Mozart's and the ever popular "Vieuxtemps" which we all are so very fond of, and surely, musical Newark will enjoy this talented violinist.

One of Mrs. Chandler Tucker's songs that evening will be one of George H. Chittam's plantation melodies, "Ma Curlyheaded Baby," which was made famous by Frieda Hempel, who sings it in her newly acquired English.

As Mrs. Tucker sings her characteristic songs very cleverly as well as charmingly, no doubt this one will be much enjoyed.

No admission is to be charged, but a silver offering taken and there is no doubt but that the church will be filled to its capacity, as it was during the season of the recent concert.

cert in which Mrs. Seidel and her pupil, Miss Russell, played. And we will also add that it will be much pleasure to again have the opportunity of hearing Miss Russell, as the memory of her Liszt's Hungarian Rhapsody No. 2 still lingers with us.

Baking a Watch.
Only the best made chronometer would ever survive the tests made at the Royal observatory, Greenwich. Usually there are about 200 watches under examination for use in the royal navy. On certain occasions there is a complete trial of chronometers open to all makers who have sufficient confidence in their watches being able to withstand the severity of the tests. During the competition the watches are exposed to every possible variation of temperature. They are baked in furnaces sufficiently hot to cook a joint. In fact, so great is the heat that a badly made watch has been known to tumble to pieces during the baking test. The moment a watch is taken out of the oven it is plunged into mixtures registering 40 degrees of frost. To such perfection has the manufacture of some chronometers attained that even the most stringent tests fail to cause the slightest variation.—London Telegraph.

Greece Only an Oligarchy.
Greece, as many people do not know, is a country managed by 500 families who hate one another like poison in true classic Greek fashion. The peasants, the hack drivers and the fishermen talk radical politics all day long, but when election day comes they vote for a member of one of these big aristocratic—namely, "best" in the Greek sense—families. A republic for Greece would mean anarchy, chaos.—World's Work.

Miss Woole's Funeral.

Funeral of Miss Anna Woole will take place from the late home at 100 South Second street at 1:30 p. m. Monday and will be private. Rev. Lewis P. Franklin is to officiate. Interment in Cedar Hill cemetery.

In Remembrance.

Oh, dear Annie she has left us,
And has gone to that heavenly
clime,
Where her suffering is no longer,
And her life is all sublime.

But, would we see it as it is,
And not as it used to be,
Probably it would have been easier
to have given her up,
But that is hard for us to see.

Now she's joined Christ's faithful
army,
Where love and friendship does
prevail:
And we hear her as if singing
"Mother in Christ's name I hail."

(ASSOCIATED PRESS TELEGRAM)

Field Headquarters Naniquipa, April 28 (By wire to Columbus, N. M.,) April 29.—The column of American troops under Col. Geo. A. Dodd which for six days has been pursuing a large band of Villa bandits under four different chiefs through the rocky defiles of the Continental divide was reported today to have returned to its base at Minaca.

The band is said to be practically all dispersed, numbers of its members heading to the belief that Villa is dead.

The Carranza forces consisting of four trainloads of men, was detaining south of Guerrero today and reports here said they intend keeping with the American command.

What Does
Catarrh Mean?

It means inflammation of a mucous membrane somewhere in the head, throat, bronchial tubes, stomach, biliary ducts or bowels. It always means stagnant blood—the blood that is full of impurities left alone, it extends until it is followed by indigestion, colic, congestion or fever. It weakens the system generally and spreads its operations until systemic catarrh or an acute illness is the result.

Peruna

is the nation's reliable remedy for this condition. It restores appetite, aids digestion, checks and removes inflammation, and thus enables the membranes, through which we breathe and through which our food is absorbed, to do their work properly. Forty-four years of success, with thousands of testimonials, have established it as the home remedy—Ever-Ready-to-Take. Its record of success holds a promise for you.

What Ohio Club Women Are Doing

Mrs. Prentice E. Rood, Director of Press.

Ohio Club Women's Clubs.

The candidacy of Mrs. Samuel B. Sneath for the presidency of the General Federation of Women's Clubs was unanimously endorsed by the Chamber of Commerce of Tiffin when this resolution was passed:

Whereas, Mrs. Samuel B. Sneath of this city, who has been actively and prominently identified with local clubs and civic and welfare endeavors for a number of years, is a candidate for the presidency of the General Federation of Women's Clubs of the United States, and

Whereas, she has held the highest office in the Ohio Federation, has been second vice president of the General Federation of Women's Clubs of the United States, and is now its first vice president;

Therefore, be it resolved, That, as an appreciation of her valuable and unselfish work in the interests of her home city in many of its departments, the Tiffin Chamber of Commerce extends to her its support and good offices in the furtherance of her campaign and a vote of confidence in her ability to fill that high position with credit to the City of Tiffin, and to give that great national organization its best administration.

Biennial Notes.

New Jersey Day.
At the urgent request of the New Jersey club women the Local Biennial Board has designated May 23 as "New Jersey Day." First, there is to be a breakfast for the General Federation Board, the State Presidents, and a few special guests at the Essex County Country Club, at noon. At 2:30, Mr. and Mrs. Thos. A. Edison will give a reception to all delegates at their home in Llewellyn Park, and from 4 to 6 the Orange Women's Club is to welcome all delegates at its beautiful club house.

Conservation Day at the Thirtieth Biennial Convention of the General Federation of Women's Clubs in New York will be Saturday, May 27. This department will have one hour of the general program at the Seventh Regiment armory in the forenoon, followed by a luncheon and conference at the Hotel Astor.

Club Notes.

The Browning Club of Washington Court House sounds very liter-

ary and its members are doing serious and studious work, but they found time to sell twenty thousand Red Cross seals at Christmas time. They are also helping to maintain the Clean-up movement, are pushing to celebrate the Shakespeare Tercentenary, and are perfecting plans for a federated union of the clubs of Washington Court House.

Nearly every club in the state is vitally interested in the clean-up campaign. Now is the time to arouse your city civil conscience.

The Political Study Club has developed beyond its original purpose of the study of political matters and has broadened into a departmental organization. Because of this, it is a democratic body of women interested in the best for their city. The club will hereafter be known as the Women's Civic Club.

The Bucyrus Federation and the Civic Club of Crestline were the guests of the Galion Federation on Tuesday evening April 18th. Dr. Hollingshead, of Columbus, was the speaker of the evening and delightful music was furnished by the school orchestra, the occasion being its first appearance.

The Sandusky Federation is planning to endow a bed in the Gates Memorial Hospital for Crippled Children at Elyria.

The Women's Civic League of Crestline proposed to wage war on the mosquito and to maintain a playground. What are you doing for YOUR city?

The Civic League of Greenville was organized two years ago by fourteen women "earnestly seeking to improve the town." In a very short time the membership was increased to one hundred. Through the various committees, most effective work has been done: Membership, Streets and Alleys, Sanitation, Our Door Art, Children's Auxiliary, Public Buildings and Recreation, Industrial Bureau and Rest Room, Charity and the Press. Greenville gives promise of being a "Spotless Town."

A Wonderful Organization.
The Columbus Federation of Women's Clubs is a strong organization of thirty-two clubs, varying in membership from ten to two hundred and fifty. All are doing literary work,

and most of them are engaged in something altruistic, such as education loan fund, settlement work, activities for hospitals and day nurseries, noonday lunches for suburban school, sane celebration of Fourth of July, social center work, traveling libraries, and civic improvement.

The federation serves its highest purpose as a general clearing house, co-ordinating all the club interests and holding itself ready to respond as a unit or in part wherever needed. At the executive board meetings keen interest is taken in the reports of presidents.

The burning question of the hour is a plan for a woman's club house. The Oriental entertainment given in January was described in this column, netted more than a thousand dollars.

At a recent all-day meeting of the federation, matters relating to the General, the State, the District, the City federation and the individual club were all bound together in a comprehensive whole.

The Baby Week celebration was a remarkable success in that the federation enlisted the co-operation of the philanthropic organization. Five thousand women listened to instruction, and four big noon meetings were held for men at the railroad shops.

The entire campaign was conducted at a minimum cost.

The Clove Tree.

The limbs of the clove tree being very brittle, a peculiar four sided ladder is used in stripping the tree. As fast as the buds are collected they are spread in the sun until they assume a brownish color, when they are put into the storehouse ready for market.

Getting Rid of Sallowness.
In order to get rid of sallowness, which means a sluggish skin, three points of attack must be made: one on the skin itself, another upon the digestion, and the third upon the circulation. Diet and a simple laxative will attend to the digestion.

There was a good deal of sense in old-fashioned times, in the dosing of the family, with sulphur and molasses when springtime came around. This nauseous dose would be repudiated nowadays by the best brought up family, but there are several excellent substitutes for it in mild salts and aperient waters. Much fresh fruit should be eaten. Heavy desserts, gravies and fried foods should be avoided.

Sweets will be best left alone, also ice cream sodas should be avoided as the plague for there is nothing worse for the complexion. Coffee once a day only and tea the same, and the latter should be very weak. Salads, dressed with pure olive oil, with luncheon and dinner are very good to take.

Along with the treatment for the digestion goes the water treatment. Water should be taken externally and internally to clear the skin and drive away its muddy look. Drink three glasses of water between meals at night and another upon arising. This water should be cold but not ice-cold. If you can take a cup of hot water upon arising, so much the better, but if this is very disagreeable, take the glass of cold water instead.

It is almost superfluous to add that all spirituous liquors should be avoided. Nothing takes youth and freshness out of the face like even the occasional cocktail, and if there is the least tendency toward gout in the system, alcoholic beverages will cause puffiness over the eyes, a very disagreeable sign of advancing years.

Pills Best For Liver.
Because they contain the best liver medicines, no matter how bitter or nauseating for the sweet sugar coating hides the taste, Dr. King's New Life Pills contain ingredients that put the liver working, move the bowels freely. TODAY'S HEALTH ADVICE

Every home needs an antiseptic. In fact, you simply must have hychlorite, the wonderful effective antiseptic—ready for instant use.

Physicians and hospitals use hychlorite because it is absolutely reliable and always dependable. It is remarkably pure, safe, easy to use, and does not stain, burn or blister. It cleanses, heals and purifies quickly. Any drugist can supply hychlorite in 25c bottles. It is very economical. There is no earthly reason for the spread of germs which cause colds, fevers and sore throats this season. Teach every member of the family to use hychlorite and so make the home life safe. Be sure to get hychlorite at once since it is so easy to use.

Esquires and the refreshment committee promises something on at this meeting.

Two new applications were received and referred to a committee. Two applications were voted upon and elected to membership.

On May 8th the Pythian Sisters will give the play, "A Receipt in Full" which will be a reproduction by request, and they should have a full house on this occasion as the members taking part are all Pythian Stars. The following are members of the cast, Anna Schmitt as Mary Grey, Florence Myers as Amy Douglas, Zilphia Loughman as Matilda Marcoe, Joseph Shea as Richard Marcoe, Carl Myers as Albert Gaskill, W. C. Lore as Col. Robert Douglass, Shan Loughman as Bud Fisher, C. C. Davis as Hiram Marcoe. The play is given in four acts besides there will be specialties between acts, and the tickets are now being sold by the committee. Reserved seats will be on sale at the City Drug store, Saturday, May 6th, give them a boost. At the High School Auditorium.

Roland Lodge.

Three strangers were instructed in the mysteries of the Page Rank on Tuesday evening by Roland Lodge, No. 30. A good crowd was in attendance although a circus was in town. The usual routine business was handled in fine shape by Past Chancellor Woodcock. Two petitions were received and two others were elected to membership by initiation. The Esquire Rank is on the boards next Tuesday evening and a class of six or seven likely candidates will be conducted across the hot sands. It is predicted that a good crowd will want to witness the work. Visitors will be welcome, as usual.

Tickets for the second performance of the play, "A Receipt in Full," are going fast, and the indications are that a full house will greet the local stars. A high class production is guaranteed. All loyal Pythians will want to help in this worthy cause.
The annual memorial service will be held on Sunday, June 11, and the committees are planning to make this the largest service of this kind ever held in Newark.

JR. O. U. A. M.
Licking Council, No. 90 at the meeting next Friday evening will take up some important business of interest to every Junior and it is the wish of the officers to have every member that can be in his place. The Junior Order motion pictures which Manager Gallagher put on at the Gem theatre last Tuesday led all loyal Juniors to bend their steps that way and were a decided success. The two reels, which were shown along with the regular program, were brim full of interest to members and non-members alike. The pictures taken at the National Orphans Home were especially interesting. They showed the children at school, at work and at play, nearly four hundred of them and representing almost every state in the union. Other interesting scenes were the largest flag in the world, carried by 150 Juniors in the parade at state council at Tiffin last summer, many scenes at the beautiful grounds and buildings at the National Children's Home at Tiffin, including the big new school house given by the order all of which was described in an interesting manner by State Organizer W. A. Clark.

Owing to the sickness of the pastor our attendance at services at the Maple Ave. Christian Union church next Sunday evening is postponed.

Theatres

At The Princess.
The films of Mr. and Mrs. Vornon Castle in "The Whirl of Life," have arrived and this splendid picture will be shown without fail at the Princess tomorrow. The picture makers have taken these stars, dramatized their life stories, sprinkled it with a mixture of romance and burlesque melodrama, and the result is delightful. The audience as well as the story are kept in suspense until the last moment when everything ends just as it should and the Castles at Castles-by-the-Sea present a dancing exhibition of new steps to a select assemblage in their magnificent and spacious dancing exposition. Don't fail to see it at the Princess Sunday.

"Alice in Wonderland."
The seats for "Alice in Wonderland" to be given by the Thaliens at the high school May 5 for the benefit of the public library will be reserved at Erman's drug store Tuesday, May 2, at 3:30. A matinee will be given for grade school children Saturday, May 6, at 2:30. Admission 10 cents. The proceeds of this matinee will be used exclusively for children's books.

Alhambra Sunday.
A girl promises her dying father to marry a man she dislikes and the wedding ceremony is performed at the bedside. The proceedings are interrupted by the dramatic entrance of the groom's former mistress, and the horrified wife refuses to live with her husband. She is later advised of her husband's death which is untrue, but entertains doubts and to satisfy herself starts for British Columbia, where her husband was seen by a friend. There in a rough railroad construction camp she gets mixed up in a series of exciting adventures; being hunted by a gang of crooks led by her husband, but eventually, through the aid of a long-suffering friend, she triumphs over her enemies, and finds her husband's death she finds happiness with the man she loves.

The Big Fun Show.
"Everything New Every Season" like "Your Money's Worth Or Your Money Back" has become a watchword with Joe Coburn's Big Minstrels and each season return of this splendid attraction has demonstrated it is no idle press item in the advance notices. Clean comedy, splendid singing, and the Latest and Best in Minstrelsy has also been forced to prominence with the amusement public by this jovial hustling purveyor, until we do not question its authenticity and have learned to expect and depend on one of the seasons most enjoyable events. Music mirth, and melody, fun comedy, and novelty, follow continuously throughout the big show, without a blemish or objectionable feature. From the "roast" to the box seats Joe Coburn's Patrons receive their money's worth. We are always glad to announce the coming of this company. Don't forget the date Thursday, May 4, matinee and night at the Auditorium.

Y. W. C. A. Notes

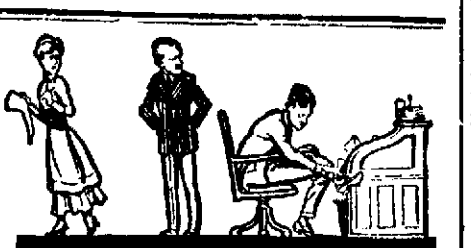

The C. I. Scofield Bible class will meet 7 p. m. Saturday. Lesson, "The Judgments." This is a wonderful lesson, presented in a marvelous way by men who have given years to the study. Visitors welcome.

The Y. W. C. A. wishes her big Brother, the Y. M. C. A., the joy of success in the campaign for funds to wipe out the debt that has been hovering over them. We have every reason to believe that it can and will be done. They have our very best wishes.

Misses Anna and Catherine Moeller are the newest members of our Y. W. C. A. family. Their home is in Irons.

Mrs. Jennie Weaver has received her beautiful Helen Gould Bible and congratulates her. Mrs. Fred Jones and Miss Elizabeth Felix have successfully memorized and recited the first half of the required passages. Several others are working on them. If you would like to try for the Bible, call at Y. W. C. A. for the leaflet containing passages.

Misses Mary and Margaret Stapelman have returned to their home after a few weeks in the Y. W. C. A. family. Their home was quarantined because of scarlet fever. We were

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.

If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, a furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and refreshing the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs kidneys, then back hurts and bladder bothers you.

Most folks forget that the kidneys like to be kept clean and free of clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

FOOD EXPERT'S LAST LECTURE ON SATURDAY

SEVERAL HUNDRED NEWARK HOUSEWIVES HAVE RECEIVED INSTRUCTION

During Week of Advocate's Better Foods, Better Homes School Conducted by Miss Emma Hanks.

Miss Emma Hanks, at the Advocate Better Foods, Better Homes School in the high school auditorium, has during the past week pleased several hundreds of Newark housewives. She has made and given away delicious cakes and told how to make the pastry; she has served all sorts of good things to eat, and told how to prepare them, but best of all she has imbued women with a desire for greater knowledge along pure food lines. She has lifted housework out of the realm of drudgery and put it on a plane with other professions and arts. The week has been a profitable one to all concerned, and The Advocate is extremely gratified with the manner in which Newark housewives have shown an interest in its Better Foods, Better Homes week, and by their co-operation and support, made it such a splendid success.

The influence of the school will not be a transient one, but will doubtless always be felt in the homes which have been represented in Miss Hanks' classes from day to day.

Many invitations have been extended to this popular lecture to return here, and The Advocate will endeavor to make its Better Foods, Better Homes week an annual affair.

On Friday afternoon Miss Hanks first showed a crown roast of lamb prepared for the oven and then she told of the worth of a fireless cooker, and how it could be made to do a great amount of work. The roast was placed in the cooker and before the session of the school concluded for the afternoon, it was served to those in attendance.

The lecture for the afternoon was on "Marketing," and the first point brought out by the speaker was that the purchaser should always get what they ask for. Never take a substitute, which the grocer will tell you is "just as good." The telephone is a good institution and especially for the housewife, but she should never order meat or green vegetables over the phone. It is economy to buy in quantities, and always secure goods that are marked net weight instead of gross weight.

Miss Hanks then told of the poor equipment with which most women work. How the farmer has the latest inventions to aid him and the business man has his office equipped in the most up-to-date way. Yet there are devices, and excellent ones on the market, for washing, ironing, sweeping and dish-washing, and there is possibly but one or two homes that have these great labor-savers for the woman who spends all her time in the kitchen.

In testing foods, Miss Hanks told how a fish might be tested and she urged that fish be substituted for meat. The gills should be red, the meat solid. If when you strike it with a knife the scales fly off, it is not fit to eat. The eyes should protrude and if the eyes are sunken in it is not fresh. She also urged that great care be taken in securing fresh eggs.

The demonstration was of snip doodle, a sort of coffee cake, and dauphine potatoes were demonstrated to the class, and some pretty little party cakes, butterfly tartlets were passed among the class. The work of the afternoon concluded with the second demonstration on plain pastry.

The last session of the school will be held this afternoon at 2:30 o'clock.

The following are some of Miss Hanks' tested recipes.

These are in addition to the ones demonstrated by her at the Advocate Better Foods, Better Homes school in the high school auditorium.

Graham Muffins. Two tablespoonfuls cresco, 1 tablespoonful sugar, 2-1-2 cupfuls graham flour, 3 teaspoonfuls baking powder, 1 teaspoonful salt, 1-2 cupful water, 1-2 cupful sweet milk, 2 eggs.

Cream crisco and sugar, add dry ingredients sifted and mixed. Stir in water and milk alternately. Add eggs well-beaten, and bake in criss-cross muffin tins.

Cheese Salad. Season Neufchatel cheese with salt and pepper, add a little cream if cheese is too hard. Mix in chopped pecans roll into small balls, then roll balls into finely-cut nuts, and place in cavity of white California pears. Serve in lettuce leaves with mayonnaise.

Fruit Mayonnaise Aspic. One large grapefruit, 1 can of large white cherries, 1 can of sliced pineapple (cut), 1-2 pound almonds, 1 teaspoonful gelatine. Mix the fruit with enough of the different juices to cover and add mayonnaise, then gelatine, dissolved in a little of juice held over to cool. Peel and cut into bits 6 large tomatoes (no juice), add 1-4 as much finely-cut celery, 1 large cucumber, sliced; 1 green pepper cut fine, grated onion to taste, dash of paprika, 1 teaspoonful Worcestershire sauce, 1-4 teaspoonful grated horseradish; salt to taste.

Mix these thoroughly with one cupful boiled salad dressing, fold in tightly one cupful whipped cream. Pack in ice two hours. Serve in chilled tomato cups on lettuce or serve sliced with dressing.

Combination Salad. Peel and cut into bits 6 large tomatoes (no juice), add 1-4 as much finely-cut celery, 1 large cucumber, sliced; 1 green pepper cut fine, grated onion to taste, dash of paprika, 1 teaspoonful Worcestershire sauce, 1-4 teaspoonful grated horseradish; salt to taste.

Mix these thoroughly with one cupful boiled salad dressing, fold in tightly one cupful whipped cream. Pack in ice two hours. Serve in chilled tomato cups on lettuce or serve sliced with dressing.

At the last meeting of the Groc-

the following resolution was adopt-
ed:
That all Grocers and Meat Dealers
will close their places of business on
Thursday afternoons, beginning the
first Thursday in May until the
first Thursday in October.
This is done to give the clerks a
half holiday with full pay. We ask
the public to help this good work
along by not buying or selling on
Thursday afternoons.
If you never walked a grocery
floor fifteen hours a day you do not
know what it means to the three
clerk to get a half holiday. He is
not overpaid and often needs some
time to do a little much needed work
at home without losing his pay. We
hope the public will stay by us if
the proprietors are willing to close
and pay their help. Be kind to your

Minister III.
Rev. C. O. Ort, who has been ser-
iously ill, is improving, but will be
confined to his home for a few days
yet. Rev. Mr. Lamp will occupy his
pulpit in the morning and Mr. J. H.
Miller in the evening.

Birth Announcement.
A daughter was born to Mr. and
Mrs. Fred H. Braithaupt at Dresden,
O., several days ago. The latter be-
fore her marriage was Miss Helen
Bender of this city.

Takes New Position.
Mr. Alonzo Cockran, formerly of
the Roe Emerson store, has accepted
a position at George Hermann's
clothing store. For the past year he
has been engaged in farming, but
recently sold out and decided to re-
enter the clothing business.

Completed Driveway.
Ben B. Jones has completed the
building of a sixteen foot concrete
driveway from Hudson avenue to his
barn and garage, a depth of 145
feet. Mr. Jones superintended the
construction work and states that he
can now drive his fast steppers into
the barn with a great deal of pride,
and he has several that will be heard
from this summer. The local man,
who is known to his associates as
"Pop Geers," has two promising
youngsters without a mark and
they can step down in the "teens."

Season Closes Tomorrow.
Bass fishing closes tomorrow
at midnight and from that time on
until midnight May 31, it will be un-
lawful to take a bass from the lake
or any inland body of water. This
is the pawing season for bass and
the law protects it. Anyone found
with a bass in his possession after
April 30 is subject to a heavy fine.
If fishermen happen to hook a bass
while fishing for other fish they
must immediately return it to the
water.

Fishing is Good.
Any number of good catches have
been made at the lake within the last
few days. Yesterday scores of ang-
lers were out and a large catch of
black bass is reported, quite a few
of them weighing over five pounds a
piece. Lake Eries were caught by
the hundreds and blue gills and sun
fish were also biting freely. Night
fishermen are reporting excellent
sport in taking catfish.

Expect Big Crows.
The management at Buckeye Lake
park is preparing for a big crowd of
week-end guests. Any number of
cottages are filled for over Sunday
and the cars today were crowded
with people bound for the popular
resort. Messrs. Defenbach and Fish-
er state that they are prepared to
take care of all visitors. The open-
ing of the park will be announced in
a few days.

Baby Lobsters.
Baby lobsters are on the market
today and there has been a fair de-
mand for them by people fond of sea
food. The lobsters weigh nearly a
pound apiece and are rather well
filled. From now on lobsters will
take on meat rapidly and by the lat-
ter part of next month should be
pretty well filled.

Damage Was Slight.
Sparks from a chimney set fire to
a house at 45 Union street, owned
by W. E. Fulton, about 1 o'clock
Friday. The damage to the roof was
slight. Apparatus from headquar-
ters and from the West Newark sta-
tion responded to a telephone call.

Settled the Case.
In police court this morning the
case against L. D. Gilmore, charged
with defrauding a hotel keeper, was
dismissed. Gilmore left a bill of
\$35.75 which was settled by his par-
ents and the costs in the case paid.
Three drunks drew fines of \$5 and
costs each.

Granville Street Bus Damaged.
The Granville street jitney bus op-
erated by Jerome Ferguson, was
damaged by fire of unknown origin
while it was standing in a garage
Thursday night. The fire was not
discovered until the following morn-
ing and the fact that only a small quan-
tity of gasoline was in the tank prob-
ably saved a costly blaze. Police of-
ficers on duty during the night
smelled smoke but were unable to
trace it to its source.

Rushing Paving Work.
The contractor in charge of the
Tenth street concrete work has rush-
ed the work during the past week
and the curbing is practically com-
pleted between Church and Merchant
streets. It will be completed to
Hoover street early next week, the
weather permitting.

Mr. Beckman Better.
Louis Beckman, who suffered an
acute attack of appendicitis two
weeks ago, and underwent an opera-
tion at the sanitarium, is recovering
rapidly. He will be able to be taken
to his home Sunday.

Marriage License.
Andrew E. Hart, a salesman of
Evanston, Ill., and Miss Helen Jack-
son of this city.

Granville
(Special to the Advocate.)
Granville, April 29.—The annual
banquet of the Irving Literary So-
ciety of Doane Academy was held on
Friday evening, April 28 in Beta
Theta Pi fraternity house instead of
in some out of town hotel. The
courtesy of Alpha Iota chapter on
this occasion is greatly appreciated,
especially as the house is ideally
adapted to such functions. The two
long tables at which covers were laid
for 46 were exquisitely decorated
with large glass baskets and with the
same blossoms repeated in the small
crystal baskets surmounted by golden
hued butterflies placed at each
alternate cover as favors for the la-
dies. White candles in crystal hold-
ers and hooded in yellow furnished
the only light. The menu was one
of the choicest and it received first
consideration. Mr. J. S. McGruer as
toastmaster occupying the place of
honor at the head of the table.

Following the dinner, toasts were
responded to in happy vein by E. Da-
vis, Mr. H. W. Emswiler, Miss Lily
Bell Sefton—whose formidable
sounding topic really meant "per-
chance it will be pleasant to remem-
ber these things," and with an agree-
able admixture of wit and wisdom
she brought a message from the
past and especially from several of
the workers most prominent in their
day—in the service of Irving.

President Chamberlain was espe-
cially happy in his remarks on Irving
in the 90's, and F. M. Ashbrook in
the closing toast, "Our Sally" voiced
his sentiments in poetical form
which was exceedingly well done.

Below is the menu and toast list
as given:

Broiled Fish **Tartar Sauce**
Wafers
Viols Birds **Dressing**
Green Beans **Roast Potatoes**
Olives **Pickles**

The toast list included:
J. S. McGruer, toastmaster.
"Work and Wait," E. Davis. "Why
then the world is my oyster, which I
with word will open."
"Irving Friends," Mr. Emswiler.

not."

Miss Helen Ray and Miss Louise
Mack went to Columbus today where
they were guests of friends at lunch-
eon, afterward attending the matinee
performance of the Boston Opera
Company. They were joined by Miss
Dorothy McCann of Dayton formerly
of Denison.

This afternoon Denison engages
Otterbein on Beaver field. Next Sat-
urday, May 6, Miami will play in
Granville.

Those who do not hold course
tickets for the spring musical festival
on May 8th and who desire to attend
either or both of the concerts, should
attend to the matter at once. An
opportunity such as the coming of
the Russian Symphony Orchestra to
Granville should not be neglected
whether by music lovers or others in
the community. President and Mrs.
Chamberlain heard this orchestra
last fall at the Vassar jubilee cele-
bration at a cost of \$3 per tickets
and Dr. Chamberlain says he would
have paid \$5 rather than miss it. In
token whereof Dr. Chamberlain is
one of the guarantors for the second
performance.

Sigma Chi fraternity will enter-
tain with a "baconbat" at Fairy Glen
this evening at 5:30. Miss Sefton
and Miss Gold of Pittsburgh will
chaperone.

Mrs. Helen Hunt has returned
from a visit with Mrs. Reese J.
Runyan in Chicago and a visit with
friends in Indianapolis.

News of the death of Rev. J. S.
Hutson at his home in Allegheny,
Pa., was received here yesterday
afternoon. The funeral services
were held this afternoon in Beth
Eben, the church which Dr. Hutson
built and in which he preached for
20 years. Although Dr. Hutson had
been in failing health for some time
his death came suddenly at the last.
He is survived by his wife, a daugh-
ter, Mrs. Cora Hutson of Morgan-
town, W. Va., and four sons, Will,
Frank, George and Roy, all of whom

"JUST DAVID"
A Pretty Story You Must Not Miss
Probably the prettiest story writ-
ten in a generation is "Just David."
It is by Mrs. Eleanor H. Porter, au-
thor of "Pollyanna," "Miss Billy,"
"Cross Currents," etc.
The story will start serial in The
Pittsburg Dispatch, Monday May 1,
and you will miss a great treat if you
fail to read "Just David."
The hero is a lad of 10, who from
the age of 4, has been reared in the
mountains, close to nature, where,
with his father, a great musician, he
meets few persons and communes
with the birds and bees and flow-
ers. He knows and loves only that
which is good.
The tale is a brand new one, full
of romance, sentiment, happiness,
music, tenderness and boyish en-
thusiasm.
Don't miss the opening chapters.

Tonoline Is Beauty Aid,
Announces Specialist
Mildred Louise Talk of Interest to
Women.
A health is a first aid to beauty this
story, told by Mildred Louise, beauty
specialist, of Boston, Mass., is of un-
usual interest.
"I can recommend no better health
giver than tonoline," said Mildred
Louise.
"I was for many months a victim of
stomach trouble and nervousness. I had
suffered terribly from pains that fol-
lowed eating. Headaches also would
add to my worries. Poor digestion
finally brought on nervousness.
I felt that I was passing on to the
grave, and when I took the advice of
several women who said, 'Take tonoline.'
"Not long after I started the tonoline
treatment my patrons began to remind
me of the improvement in my condition.
And because health is the quickest way
to beauty, the improvement was par-
ticularly noticeable in my face."
"What tonoline really did for me I
cannot say. I am so grateful that I am
very willing to recommend tonoline
publicly."
Tonoline is a purely vegetable prepa-
ration which goes to the seat of com-
mon maladies—stomach and kidney
trouble, catarrhal affections of the
nervous system, liver ailments and
impurities of the blood—and quickly
restores proper action. Tonoline is be-
ing explained daily to many people at
Frank D. Hall's.
Notice—As tonoline is a wonderful
flesh builder it should not be taken by
any one not wishing to increase his
weight ten pounds or more. Although
many reports are received from those
who have been benefited by tonoline in
severe cases of stomach trouble and
nervous dyspepsia, chronic constipation,
etc.

THE RAILROADS

B. & O. Excursion.

Baltimore & Ohio Passenger Agent W. C. Wilson today announced the summer Sunday excursions, adopted at Chicago last Wednesday, at a meeting of the Baltimore & Ohio passenger agents.

The excursions will be run from Newark to Cedar Point, Chicago Junction to Columbus, Columbus to Chicago Junction, Columbus to Wheeling, Wheeling to Columbus, Parkersburg to Columbus and Columbus to Parkersburg. The dates for the excursions will be announced at a later date.

"The excursions will give the people of Newark an opportunity to make a trip every Sunday," Mr. Wilson said today. "The rates will be the same as last year and the trains handled in the same prompt manner."

New Train Schedule.

Effective with the issuance of the new Baltimore & Ohio time card, which will be out about the middle of May, there will be two train schedules changed. Passenger train No. 15 and 16, Wheeling and Chicago trains will be changed to Nos. 21 and 22. The new schedule will be one hour faster between those two points.

The Chicago train, No. 15, will leave Newark approximately at 9:25 p. m., and will arrive in Chicago one hour earlier than by the present schedule. The Chicago to Wheeling train will also make the trip in one hour faster time. The trains will be composed entirely of steel coaches electrically lighted and Pullman service.

Ringling's Shows.

The Baltimore & Ohio railroad company has closed a contract to handle the Ringling Brothers Greater Shows from Cambridge to Newark, on May 25. The show has 81 cars and will be handled in three sections. Arrangements have been made to unload the show on Walnut street.

Local Yards Cleaned.

A worktrain and a gang of workmen, Friday were engaged in cleaning up the local yards and hauling away all the debris. The train is making a trip over the Newark division, cleaning up station yards and all railroad property.

Curious Request.

A doctor in the country received one day a letter from an old woman asking for a bottle of cough mixture for her husband, ending with the postscript: "Please, sir, don't make it too strong, as the poor man has only got one leg."—London Tit-Bits.

Voice of the Bells.

R. L. Stevenson said that "there is so often a threatening note, something blatant and metallic, in the voice of bells that we have fully more pain than pleasure in hearing them."

BASS SEASON IS OVER TOMORROW; WATCH YOUR FISH

Newark and Licking county fishermen who do not know a bass from any other fish, should be informed on the subject when going fishing after Sunday. The bass season closes at midnight, Sunday, and all fish of this variety must be returned to the stream if hooked.

Game Warden B. F. Robinett has issued the following caution to local fishermen and those interested in the protection of fish and game will cooperate with the warden in an effort to secure an observance of the laws.

The open season on black bass will close Sunday, April 30, at midnight, and reopen June 1. All black bass caught in the month of May must be put back in the stream. It will be greatly to the interest of all who like to fish to observe this closed season. Each female bass will hatch from 1500 to 2500 young, if not lost during their spawning season, and in a few years our streams and lakes would be full of these fine fish; black bass must measure 10 inches and rock bass five inches in length. Under this length they must be put back in the water.

PRACTICALLY HAS DECIDED TO START NATIONAL PIKE BUS

C. A. Bigbee and F. M. Blair who operated the bus line in Hudson avenue, have about decided to take up the proposition of operating the big passenger bus on the National Pike, between Hebron and Zanesville. Zanesville business men gave the Newark owners much encouragement and even suggested that two of the big machines be operated. A study is being made of the schedule possibilities and it is probable that an announcement will be made in a few days stating the hours when the bus will arrive and leave terminals.

Dogs In Moccasins.

After the first severe freeze at the beginning of winter a band of prospectors working in northern Canada found themselves on the wrong side of a lake over a hundred miles wide, on the other side of which was the winter headquarters.

They were without any means of transportation other than a boat in which was stored all their belongings and provisions. Hiring a halfbreed with his dog team, they put runners under the boat and made their way easily and safely across the smooth miles of frozen water, helping along the dogs by setting a sail on the boat. To protect the feet of the dogs from the hard surface of the ice some moccasins of buckskin, well padded, were provided for each.

CHAMBER COMMERCE

(Continued from Page 1.) representative of Town Development who has assisted the campaign committee during the campaign.

An interesting telegram was received today from Captain A. H. Heisey, who is now in New York, as follows:

"Would place the control of the Chamber of Commerce in the hands of the younger men with an advisory board of the older members."

The Chamber of Commerce has had the support of Captain Heisey from the beginning of the campaign. Yesterday the campaign committee sent a telegram thanking him for his support.

The constitution and by-laws do not provide for an advisory board, but Captain Heisey's advice will be followed in electing young men and new blood to the board if the desire of many leaders in the movement is followed. At all the meetings the speakers have advised that the younger men be given a chance in the new organization.

Last week a list of all members that had been signed was published. This week an additional day was given for canvassing and about 120 additional members have been added.

CONGESTED FREIGHT WILL BE PROBLEM FOR NEW CHAMBER.

It is probably that the congested condition of left car-load freight

now housed in the local railroad freight houses, will be one of the first problems considered by the new Chamber of Commerce, at its first meeting.

According to local railroad officials, the left car-load freight into Newark at the present time, is the greatest in the history of the city, and is congesting the freight houses. There is, according to the officials, a great quantity of merchandise for local merchants uncalled for at the local freight houses. And if the merchants would see to getting the consignments away, the freight handling problem could better be handled by the railroad companies.

Some action toward urging consignees to take their merchandise away from the freight houses, will likely be taken by the Chamber of Commerce. With the co-operation of the merchants and citizens of Newark the railroads believe that the congestion of the local freight houses could soon be relieved.

MANY STRINGS OF FINE FISH TAKEN AT BUCKEYE LAKE

Reports from Buckeye Lake this morning indicate that fishing is better than it has been for years. Many fine strings of Lake Eries were caught yesterday, even women anglers being successful. "They bite freely," said Col. W. C. Wells, this morning. "With good weather for the next week or two many hundreds of fish will be taken from the lake and Newark people should take advantage of the fine sport offered so close at hand."

Numerous fishing parties are planned in Newark for Saturday and Sunday, as Newark people are not slow to take advantage of the opportunities offered for good fishing.

A Labor of Love

The Chinese have numerous traditions concerning their famous philosopher, Confucius. One day, they say, while he was meditating in the fields outside the city of Tientsin, he noticed a woman weeping bitterly beside a fresh grave, which she was fanning vigorously. He was touched by her evident grief and said:

"Oh, sorrowful one, what is your trouble?"

"Your honorable excellency, my husband is dead."

"No doubt he was a good husband, and you are to be pitied, but why are you fanning his grave?"

"Realized one," replied the woman, and her voice choked with sobs, "my husband made me promise not to marry again until his grave was dry."
